Quote:

*The two offices of memory are collection and
distribution.*

~Samuel Johnson

"I had a mental image of the object,
and I described EXACTLY how I
wanted the items to DIN CHEL Craft
and Souvenirs. When the items were
completed, I had to say, the mental
picture of the items that I asked for
were transformed into a reality. I
was extremely satisfied with the
products and the EXTRA
CREATIVITY that was added to the
items".
